AUTHOR REGISTRATION

Authors have to register before July 5, 2011 and use their registration code (available in the confirmation letter sent by e-mail) to submit their final Camera Ready paper. Reminder: At least one non-refundable full or limited registration must be attached to an accepted paper. In case of multiple accepted papers by one author, one full or limited registration will cover up to three papers. Discounted IEEE student fees and one-day registrations are not applicable for paper presenters. Select the registration(s) according to your status (member or nonmember) and to papers accepted (1st, 2nd, 3rd). If your co-author(s) wishes to attend PIMRC 2011, he/she or they need to make a new registration.

Accepted and presented papers will be published in the IEEE PIMRC 2011 Conference Proceedings and in IEEE Xplore®.

IEEE reserves the right to exclude a paper from distribution after the conference (e.g., removal from IEEE Xplore) if the paper is not presented at the conference.

I have read and agree to these terms (Required).
